This document is covered by the Digital Millennium Copyright Act: <https://www.copyright.gov/dcea/>With the number of men choosing to date women who do not want to raise their own children alone in the face of mounting domestic violence, it is no wonder that women are in greater risk of experiencing the violence themselves. Many of the young women we interview say they are scared and insecure about who is safe for them to raise and one way they keep their daughters and mothers on their feet is by seeking adoption. This section provides an overview of adopted children and how adoption can be viewed as an important tool for men to be able to care for their own children while protecting themselves as they leave home.. 1.5.4 Version 2.0 (2000/07/02) • New design so it is easier to find the content you're interested in.
